Dear Colleague:

We invite you to participate in ABSA International's **1st Biosecurity Symposium** on May 12-15, 2020 in Minneapolis, Minnesota. The symposium will feature a broad range of national and international biosecurity presentations, posters, and courses. We are looking for support from exhibitors and sponsors to enhance the symposium. There are opportunities to sponsor speakers, events, and giveaways. This will be an excellent opportunity to expose your company's offerings to a national and international audience of biosecurity and biosafety professionals.

By sponsoring or exhibiting at the symposium, your company will have the unique opportunity to showcase its products and/or services to biosecurity and biosafety professionals from around the world. This additional unique exposure will give your company added recognition as a supporter of the educational objectives of ABSA International and the importance of biosecurity.

The exhibit hall will be open Tuesday, May 12 at 6:00 pm through Thursday, May 14 at 4:00 pm. On Wednesday and Thursday, the exhibit hall will be open from approximately 9:00 am to 4:00 pm. The symposium and exhibits will be held at the Renaissance Minneapolis Hotel in Minneapolis, Minnesota. We encourage you to participate in this new event to reach a diverse audience of professionals in the growing field of biosecurity.

We are anticipating 150-200 biosecurity and biosafety professionals from the United States, Canada, and several other countries in attendance.

Please review the enclosed information at your earliest convenience. If you have any questions, please contact Brenda Rivera-Alcozer at brenda@absaoffice.org.

Sincerely,

Edward Stygar, III
